THREE SISTERS UNITED BY ROCK N ROLL

Coming from Monterrey (Mexico), THE WARNING is a rock metal band composed of the three VILLARREAL sisters :

- Paulina (Pau) on drums, singing on a few songs plus backing vocals (18 years old)

THE WARNING PROVE THAT TALENT HAS NOT AGE

Passionate and endowed with musical talent, they were made famous by a 2014 cover of "Enter Sandman" by METALLICA, cover being generated more than 20,000,000 views on YouTube, the girls having only 14, 12 and 9 years old back then. THE WARNING musical adventure begins.

INTERNATIONAL SUCCESS AND RECOGNITION

The three sisters were dreaming of going on a five-week summer tour at the Berklee College of Music in the United States. They created a GoFundMe campaign to raise the necessary funds. The cover of "Enter Sandman" caught the eye of METALLICA themselves, and the magazine "Rolling Stone" as well. Aware of the success of their video, Ellen DeGeneres, a comedian, television host and American writer invited the girls in 2015 to the United States in her talk show: The Ellen DeGeneres Show. With this significant support, added to social media, they managed to gain influence and received funding for Berklee.

EXCEPTIONAL CONCERTS IN THE AMERICAS

Since their beginnings, the group has been able to perform more than thirty shows in the Americas. The three sisters had the opportunity to perform in the United States, Mexico and even Canada, bringing together thousands of spectators. In Mexico, the group had the opportunity to make the opening acts for DEF LEPPARD, THE KILLER, TESLA with ALICE COOPER. The three sisters were even able to participate in many festivals (Mother of All Rock Festival, Heaven Stage at Hell & Heaven Fest 2018 in Mexico City).
